

Mobile Photography Contest on World Environment Day

On June 8, 2024, the Tourism Club of St. Aloysius College, Edathua, organized a Mobile Photography Contest to celebrate World Environment Day. The event encouraged students to capture the beauty of nature using mobile devices, highlighting environmental issues. The contest saw enthusiastic participation, with entries evaluated based on creativity and relevance to the theme. Winners received prizes, and all participants were recognized for promoting environmental awareness through their photographs.
